6B Grassfield, Lumley, Western Area, Sierra Leone (Temporary: India)

SUMMARY

Dual-degree graduate in Computer Science & Engineering and Hospital & Health Management.

Experienced in data science, full-stack development, and healthcare systems.

Proven leadership in innovation and strategy; seeking impactful technical and managerial roles.

EDUCATION

B.Tech in Computer Science and Engineering – Manipur University, 2025

- Notable Project: Gender Detection Using Neural Networks
- Dissertation: Online Smart Voting System

BBA in Hospital and Health System Management – JSS Academy, 2024

- Coursework: Health Informatics, HR, Budgeting
- Achievements: Top 5% in WA exams, Academic Excellence Award

WORK EXPERIENCE

Chief Innovation Officer – Sierra Leone India Students Association (Oct 2024 – Mar 2025)

- Developed digital platforms and led innovation.

Chief Research Officer – CiTiA NextGenSL (Sep 2023 – Jul 2024)

- Led research and mentored junior researchers.

Data Science Intern – Wayspire, India (Feb 2024 – Apr 2024)

- Built ML models and visualized data.

Teacher – Sham Sierra Islamic Secondary School (Sep 2018 – Jul 2020)

- Improved student performance.

Voter Identification Officer – NEC, Sierra Leone (Jul 2021 – Aug 2021)

- Verified IDs and ballot accuracy.

Healthcare Intern – Various Settings

- Managed hospital data, improved services.

PROJECTS

Gender Detection Using Neural Networks

Hospital Management Software

Online Smart Voting System

SKILLS

Programming: Python, JavaScript, C++, HTML/CSS, MySQL

Tools: Tableau, Power BI, Git, Docker

Expertise: Full-Stack Dev, ML, Healthcare Informatics, IT Support

INTERESTS & LANGUAGES

Coding, Hackathons, Volunteering, Sports, Story Writing

Languages: English (Fluent), Creole (Native)
